

Year: 1

Term: Spring 2

Topic: How has transport changed over time?

St Dennis Primary Academy

"Everyone matters, everyone succeeds, every moment counts"

### Forever facts

- Horses and carts were used to travel and transport goods to other places until cars were invented.
- The steam train changed the way people travelled. Many city people were able to travel to the seaside for the first time.
- Richard Trevithick was a Cornish engineer and he built the first steam locomotive over 200 years ago.
- The Wright Brothers were the first people to build and fly an aeroplane.

### Glossary

- coach A large wheeled vehicle that carries lots of people.
- engine A machine that makes a car move.
- horse and cart An open wagon with two wheels drawn by a horse.
- locomotive A part of a train that makes it move.
- penny farthing The first ever bicycle.
- steam train An engine that uses steam from boiling water to make it move.
- transport All the methods people use to move from one place to another.
