Evergreen Tree

Deciduous Tree

Glossary

- deciduous** A tree that loses its leaves annually.
- evergreen** A tree that does not lose its leaves.
- flower** The seed bearing part of a plant that is usually surrounded by brightly coloured petals.
- leaf** Part of a plant that is typically flat and hangs off the stem
- roots** the part of the plant that attaches into the ground for support and nutrient collection
- stem** The stem holds the plant up and carries the water and nutrients from the roots to the leaves and flowers.

Plants we eat

The plants we eat are called **fruits and vegetables**. Fruit and vegetables grow in the same way as other plants.
