

Year: 3

Term: Autumn 1

Topic: Creation/Fall - What do Christians learn from the Creation story?

Creation is the first part of the Big Story of the Bible about God creating the universe and everything in it.

The Fall is where Adam and Eve gave in to temptation when they were commanded by God that they should not eat the fruit of the tree.

At the end of each of the days of Creation, God saw that everything was good.

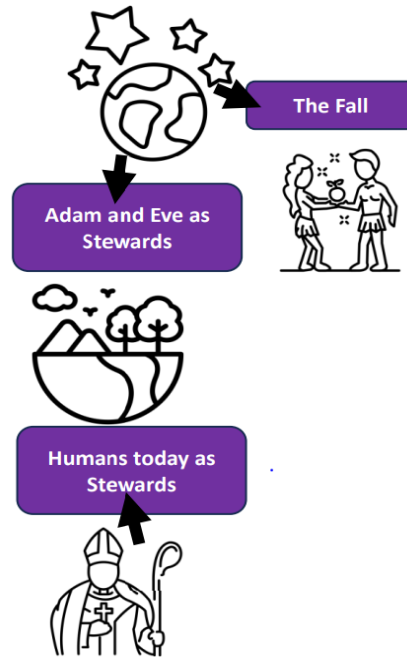

In the Creation story God asks humans to be **stewards** and to take responsibility and to look after Creation.

Christians have read the Creation and interpret that this is what God wants them to do.

The book of **Genesis** in the **Bible** also talks about an event called the **Fall**.

In this story Adam and Eve went against what God had told them. God had commanded that they should not eat the fruit of the tree of knowledge, but they gave into **temptation** and committed a **sin** against God.

The leader of the **Catholic** denomination, the Pope, wrote a letter telling people to follow the teaching of **stewardship** from the Bible and to look after the planet but not to interpret it wrongly and not to do they wanted with the world that would harm it.

Glossary

Big Story The story of the Bible from Creation through to Salvation.

creation The beginning of the world and everything in it.

Catholic A Christian denomination whose leader is called the Pope.

Fall This happened when Adam and Eve sinned against God's instructions.
